EXPERIENCE

WEB DEVELOPER, *University of Maryland*

Feb 2022 - Present

Designing and developing the website for the new Social Data Science major.

UX CONSULTANT, *NASA*

Aug 2020 - Present

Working between the client and the developing firm to build a platform for citizen scientists and professional scientists alike to study electrical discharges above thunderstorms. I contribute to the project as an impartial advocate for the needs of future users of the platform, providing critique on each iterative stage of the design.

UX DESIGNER APPRENTICE, *DIA Design Guild*

Feb 2022 - Present

Working under mentor and within a community of designers to collaborate on a variety of game and UX-related projects.

UX DESIGNER, *The Wonder Mob*

Nov 2021 - Dec 2021

Developed the IA and content strategy toward the launch of a MedTech company's new website.

EDUCATION

B.S., INFORMATION SCIENCE, *University of Maryland*

Aug 2020 - Summer 2022

Focus on UX/UI Design

VOLUNTEER

WEB TEAM, *Information Architecture Conference*

Aug 2020 - Present

Collaborating on the content strategy, IA, design, and implementation for the conference website ahead of IAC22.
